

**Cisco** Webex  
Teams

# Why you need a new team meeting experience.

Deliver better team collaboration with faster and more flexible meetings.

Working effectively with your team is critical. Your leaders depend on it.

72%

Consider communication the most powerful enabler of company business imperatives.<sup>1</sup>

68%

Now look to extend collaboration with external parties.<sup>1</sup>

Teams need to be able to connect anytime, anywhere.

65%

Full-time employees say working remotely increases productivity.<sup>2</sup>

67%

Managers reporting an increase in remote employee productivity.<sup>2</sup>

The numbers don't lie: teams need timely meetings.

fewer ideas are generated in meetings that start 10 minutes late.<sup>3</sup>

## A New Meeting Experience with Cisco Webex Teams

Everyone has an equal seat at the table.

As a member of a Webex Teams space, you can:

**Start meetings**

Whoever is there first kicks things off.

**Record meetings**

Need to drop and catch up later? You have the power to record.

**Admit guests**

They shouldn't have to wait if the person who invited them is running late.

**Mute others**

You took time to attend so don't miss a word. Mute the muncher!

Webex Teams: Fewer, better meetings.

**Boost productivity**

Shared messages, files, whiteboards, recordings, and more live on in the connected work space.

**More effective teams**

Backed by the Cisco Webex cloud to deliver an easy-to-use experience that includes virtually anyone on any device.

## Experience Better Team Meetings

Cisco Webex delivered by CenturyLink has one easy subscription plan for all your collaboration needs.
